

Japanese Language Division

Candidate for Secretary/Treasurer: Mina Seat

Thank you for accepting me to be your Secretary/Treasurer of the Japanese Language Division of ATA. I am excited to be able to serve in this position for another two years.

For the past two years, I have enjoyed meeting my colleagues to exchange ideas and experiences at the ATA conferences and via email correspondences and telephone conversation. I have become acquainted with more ATA members through being a secretary of the Japanese Language Division and hope to be able to be more involved in the offices of the association for the coming years as a responsible member.

Although my expertise as a translator is focused on patent infringement litigation, I mainly worked in a big medical business project as a US representative in the past two years. I have acquired a great deal about medical systems and institutions in the United States. Through my experience with this recent project, I have realized a team work was very important and have received a lot of support and contributions from ATA members. I cannot wait to establish a more constructive relationship with my colleagues in the Japanese Language Division by attending conferences and seminars. I am always reminded by my colleagues that there are more areas and possibilities that one can ever grasp and accomplish. I am looking forward to expanding my personal and business experiences.
